# 10 days ETOSHA TO VICTORIA FALLS

## Travel with a Purpose

Discover the diverse African culture amongst abundant wildlife and lush riverine forests. Compare the wildlife in relatively dryer Etosha to the different game along three major rivers in the Zambezi and Chobe area. This safari is Africa at its most pure.

### Day 1 | Wednesday ETOSHA NATIONAL PARK

Departing Windhoek we travel north through extensive cattle farming areas and bushland to the Etosha National Park, famous for its vast amount of wildlife and unique landscape. In the late afternoon, once we have reached our lodge located on the outside of the National Park, we have the rest of the day at leisure.

**Overnight at Eldorado Lodge .**

### Day 2 | Thursday ETOSHA NATIONAL PARK

The day is purely devoted to the abundant wildlife found in the Etosha National Park, which surrounds a parched salt desert known as the Etosha Pan. The park is home to 4 of the 'Big 5' - elephant, lion, leopard and rhino. Game viewing in the park is primarily focussed around the waterholes, ideal places to sit and watch over 114 different game species, or for an avid birder, more than 340 bird species. Exiting the park, we head to our lodge for the evening.

**Overnight at La Rochelle Lodge - Breakfast.**

### Day 3 | Friday KAVANGO REGION

After breakfast, we travel north-east towards Namibia's lush Kavango region. We continue to Rundu, known for its rich selection of hand-made wooden crafts. With its magnificent woodlands and perennial rivers, the Kavango region contrasts sharply with the rest of Namibia. Large swathes of tall woodland, riverine forests, floodplains and reed-lined channels dominate the area. This is also the area where you will see many of the traditional huts and homesteads still in popular use today. At our lodge, we can enjoy an optional Sundowner boat cruise on the Okavango River.

**Overnight at Taranga Safari Lodge - Breakfast.**

### Day 4 | Saturday MAHANGO NATIONAL PARK

After breakfast, we follow the route of the Okavango River into the Zambezi Region. Most of Namibia is arid; however, this area is lush, the soil rich and the wildlife plentiful. It is a lively hotbed where one can see subsistence and cattle farming and the well-known traditional wood carvings. From the banks of the Okavango River directly at the footsteps of our lodge, we have a magnificent view onto the Pops Falls and also located close to the Mahango National Park where the following two nights are spent along the lush vegetation. Our rooms overlook the uninhabited Buffalo Park across the river where we can enjoy an optional boat cruise or village walk.

**Overnight at Shametü River Lodge - Breakfast.**

### Day 5 | Sunday MAHANGO NATIONAL PARK

After an early breakfast, we travel into the Mahango National Park. Being Namibia's smallest but most densely populated National Park, the visit will be rewarding in terms of wildlife and bird watching. The Mahango Game Park has a high number of elephants, as well as fair numbers of antelopes which are scarce or not seen in other parts of Namibia. These include the roan and sable antelope, tsessebe, the red lechwe and several sitatungas.

**Overnight at Shametü River Lodge - Breakfast.**

### Day 6 | Monday ZAMBEZI REGION

We depart the Mahango National park and travel across the Zambezi Region, to the lush woodlands of the Zambezi River. Hundreds of elephants, large Buffalo herds and numerous antelopes roam these majestic riverine woods. With over 400 species of birds, this area counts as one of the best birding hotspots in the whole of southern Africa. After settling in you have the option to participate in an afternoon guided activity.

**Overnight at Chobe River Camp - Breakfast.**

### Day 7 | Tuesday CHobe NATIONAL PARK

After breakfast, we travel across the border to Kasane, a small and bustling town on the edge of the Chobe National Park. Our room for the night is in a special corner of the African wilderness, where 2 mighty rivers meet, a wetland paradise that is a haven for nature and
