

Indaba 2024 Product Update – effective 01 November 2024 – 31 December 2025

Well into our 40th year of operation, our passenger volumes are increasing and for this we thank you, our Agents, for your ongoing support. We have reviewed, improved and further evolved our offering to include more than ever before. We are excited to share the recent addition to our product offering:

Sense of Africa Touring has merged with Drifters Adventure Tours, offering customers 2 different styles of travel, *Drifters Adventure* and now *Drifters Traveller*

You now have the choice to book either a *Drifters Adventure* – focused on camping or accommodated journeys across Southern and East Africa in unique custom-built overland trucks – or a *Drifters Traveller* scheduled guided tour – a product that caters to a more mature traveller, in an air-conditioned touring vehicle, max 8 guests per vehicle and in comfortable 3 to 5-star lodges and hotels. Drifters Traveller scheduled tours will also be available on our website and online booking platform.

ADVENTURE Updates & Reminders

CAMPING | ACCOMMODATED | LODGES | PRIVATE SAFARIS

NEW Kruger Park, 6-Day Safari Guide Experience in the Greater Kruger National Park. This is an authentic life-changing adventure! Experience the magic of the Kruger National Park and have fun learning the basics of ranger training in the African bush. Engage in typical ranger training including practical bush cooking and bush survival skills. Conducted at Pridelands, with game drives in 4x4 open safari vehicles.

Kruger Park, 5-Day Kruger Park Safari - Our top seller departs every Sunday and includes both private game reserve and the Kruger National Park experiences, most of the Panorama Route sites, a Coffee Plantation and so much more!

South Africa, 18-Day Eco Explorer - This remains our **flagship tour**, with many inclusions, 6 National Parks and many unique experiences - it is arguably the best South African tour currently available. **We have not made any changes to this tour for 2025.**

Botswana, 16-Day Wildlife Accommodated Safari – The inclusion of a flight from Maun into the Okavango Delta and then a flight directly from **the Delta into the game area** (Khwai Airstrip) - coupled with the new routing of **Khama Rhino Sanctuary, Greater Hwange, Matobo (rhino tracking on foot!)** and **Thuli** - have proven to be a huge attraction. Shorter tour options are still available.

Botswana, 16-Day Wildlife Camping Safari - This tour follows the same routing as the accommodated version, but continues into the Delta and then into the Parks by road. Shorter tour options are still available.

Cape Town to Johannesburg via Victoria Falls, 24-Day Adventure Safari - Both the **accommodated** and the **camping** versions of this spectacular African Adventure remain unchanged for 2025. Both tour options still offer **amazing value** when one considers the inclusions. The 24-Day camping tour has 10 nights' **lodge or hotel** accommodation included in the package.

Namibia, 11-Day Adventure Safari - Packed with activity and adventure! For 2025 this tour will continue to run as a camping or accommodated tour with separate departures for both. Two options for **the ultimate short adventure tour of Namibia!**

Uganda, 13-Day Wildlife Explorer – The Pearl of East Africa.

This tour starts and ends in Entebbe - clients can either end their tour at Entebbe or Jinja. We are still the only mobile operator that offers a full circuit tour of Uganda - this is possible due to the custom built **4 x 4 Drifters vehicle**, one of a kind and offering reliable strength, safety and comfort on the variety of road conditions encountered on our route.

Kenya & Tanzania, 12-Day Wildlife Safari - This ultimate tour covers the **highlights of both countries** and remains unchanged for 2025. Unbeatable value as it covers the most desired destinations.
