Update On Sand River Masai Mara

Due to the heavier than usual rainfall during the long-rain season which has caused flooding in the Maasai Mara, Sand River had to temporarily close. The property reports that it is now operational with seven tents open at Little Sand River.

The gift shop has also been temporarily relocated to this area. Three more tents will be added to the inventory by the 23rd of May and the whole camp will reopen by the 10th of June.

The guest dining experience remains unchanged and bush breakfasts and sundowners are still operating. Game viewing is as expected for this time of year with ample sightings of lions and elephants just in the last week. Unfortunately, the swimming pool is inaccessible until further notice.
